DECATUR, ILL.

THE TIMBER THIEVES

Who, Without Any Authority of Law Whatever,

HAVE BEEN DEVASTATING FORESTS

Of the Northern Portion of Minnesota to be Brought to an Account for Their Misdeeds—Suits for Nearly Half a Million Begun.

ST. PAUL, Minn., June 29.—The United States of America, in an action brought yesterday in the circuit court at St. Paul, by its special counsel, John E. Stryker, alleges that a number of the most prominent lumbermen in Minnesota have, without any warrant whatever, been devastating the northern part of the state, denuding the territory of its timber, and that they must pay the full market value of the lumber to the extent of the round sum of \$487,474.34 and interest.

The defendants are the Pine River Logging and Improvement Co., J. B. Bassett & Co. and C. A. Smith & Co. The technical name of the offense alleged in the action is conversion. Defendants are charged with unlawfully entering on the territory within the Mississippi and Winnebagoish reservation and systematically cutting the timber and converting it to their own use.

The timber has been worked into lumber, and the market value of the lumber is represented in the amount of damages demanded. W. L. Bassett, of J. B. Bassett & Co., said this afternoon that the new suit is a revival of the controversy of several years ago. The interested firms had a contract with the government for cutting timber on the Indian reservation around Leach Lake. At the time there arose a question as to the number of feet that had been cut, and the government agents claim that the number returned was below the number actually cut.

STRIKING FOR BIG STAKES.

Two Denver Papers Sued for Half a Million Dollars.

DENVER, Col., June 29.—Yesterday afternoon five suits for damages were filed in the civil division of the district court against the Denver Republican and Rocky Mountain News. The amount prayed for in the aggregate is \$250,000 against each of the morning organs. The complainants in the suits are the members of the board of aldermen and board of supervisors who comprised the water committee of the city council. They are Alderman A. D. Young, Peter Fidel and Daniel Hingley, and Supervisors Abram Buckton and C. S. Plister.

Each complainant asks for the sum of \$50,000 and costs of suit from each of the defendant papers involved. For cause of action the complainants recite at length the various alleged libelous utterances of the two papers since the beginning of the struggle over the water question.

THE LOSS OF THE COLIMA.

Finding of the United States Local Board of Inspectors.

SAN FRANCISCO, June 29.—The United States local inspectors of steam vessels, Talbot and Phillips, yesterday gave their decision upon the loss of the Pacific mail steamship Colima. The decision finds that the Colima was stanch and seaworthy, that no danger was anticipated until five or ten minutes before the ship went down; that good discipline was maintained on board, and that without the reports of Capt. Taylor, the first officer and chief engineer, it is impossible to decide the true cause of the disaster.

Went Down with All On Board.

HALIFAX, N. S., June 29.—Mail advices from Newfoundland give brief particulars of a bad drowning disaster at Tacks Beach. A boat while on the way to the fishing grounds with four persons on board was seen to go down a short distance from land.

THE SAN FRANCISCO FIRE.

No Loss of Life Reported—The Damage Done and the Insurance.

SAN FRANCISCO, June 29.—There was a rumor that a woman had lost her life in Thursday night's fire, but there was no foundation for it. The total loss is estimated at \$1,300,000, with insurance amounting to \$290,000. The heaviest losers were the Pacific soda works, \$60,000, and the Fifth-street Furniture Manufacturing Co., \$35,000. Steps were taken yesterday to provide for the many poor families who lost their all in the flames.

DUN'S TRADE REVIEW

The Forthcoming Half-Yearly Report of Failures

SHOWS FALLING OFF FROM LAST YEAR

Business Continues to Improve Notwithstanding Doubts as to Effect of Recent Weather Conditions on Crop Prospects.

NEW YORK, June 29.—R. G. Dun & Co.'s weekly review of trade, issued to-day, says:

The half-yearly report of failures next week will include about 6,000, against 7,039 for the first half of last year, and liabilities of about \$88,000,000, against \$101,578,153 last year. But for the Cordage concern, the aggregate would be nearly 23 per cent. less than last year, and the manufacturing liabilities 26 per cent. less, but including it, the manufacturing liabilities will be about \$40,000,000, against \$41,876,102 last year, and the trading \$45,000,000, against \$52,345,978 last year, while miscellaneous liabilities were only \$2,700,000, against \$7,856,072 last year. The liabilities for the second quarter will be about \$41,000,000, against \$47,081,688 for the first quarter this year, but \$37,595,973 for the second quarter of 1904.

Railroad receiverships cover eleven roads, with 3,356 miles, \$109,656,410 in indebtedness and \$27,425,531 of stock. Failures in Canada have been about 1,100, against 1,512 last year.

Failures for the past week have been 256 in the United States, against 214 last year, and 22 in Canada, against 35 last year.

Business is better, although the crop outlook affecting prospects beyond the near future, is a little less distinct. There is more ground for doubt about winter wheat and cotton than a week ago, and threshing receipts are comparatively low, though prospects for spring wheat are exceedingly good. The price, one-quarter of a cent, lower for the week, is beyond mistake too low, if the latest impressions of injury to winter wheat are correct, and receipts for the week are relatively small, but for four weeks have been 5,166,414 bushels against 5,794,528 last year, while Atlantic exports, four included, have been for four weeks 4,912,729, against 7,444,092 bushels last year.

Corn has declined a fraction and pork is steady. Cotton has fallen three-sixteenths to 7 cents, in spite of reports of serious injury by rains in Texas and Louisiana. A little buying by northern spinners surprises the market, for their takings have been more than enough for the year's consumption, and British returns show a great decrease in exports of cotton goods.

Speculation has even spread to the wool market, and, with an advance of about 1 cent in prices, the sales have been the largest ever known in any week—14,067,900 pounds, against 6,000,000 in 1893. In four weeks of June sales have been 16,132,465 domestic and 17,451,500 pounds foreign, and in 1892 they were 13,340,700 domestic and 10,427,500 foreign. A growing belief that the domestic clip short, and an idea that the coming London sales, beginning July 2, will be higher prices, have been more than a little increase in the manufacturing demand, and the prices risen in all markets. Light weights and mixed goods hesitate, but some are lower than a year ago, and since the Washington mills opened clay worked at a slight advance, other medium and better grades have been stronger in tone.

The labor troubles are passing with frequent advances in the rate of wages paid. Copper has been strengthened by a large sale of Calumet and Hecla for export at 10½ cents, which is now quoted; while tin is slow at 14.15 and lead at 32½ cents.

Iron still advances, Bessemer selling for \$12.90 at Pittsburgh, and grey forge at \$10.80, a further advance in structural forms is expected, the western demand for steel rails at the advance of \$2 per ton is quite good, the rise in bar in main and plate and sheet mills are crowded so that it is difficult to place orders at current prices.

The closing of its contract by the syndicate raises the treasury reserve above \$100,000,000, but the certainty that no more gold is to be imported by the bankers makes foreign exchange stronger, and if a large part of the bonds taken abroad have been resold in this country, deliverable as soon as possible, as some believe, the heavy merchandise imports at New York, 48 per cent. larger than last year, against exports about 2 per cent. smaller, will render exports of gold altogether probable.

Money still comes hither from the west in amounts averaging about \$250,000 daily, and commercial loans are enlarging, particularly on iron and other manufacturing paper. The railroad presidents have again agreed to restore rates which have been disastrously cut for some time, but railroad stocks have sharply declined about 1.94 per share during the past week. Prices of coal are not maintained, and another meeting of the agents failed to mend matters.

The volume of business represented by exchanges through the principal clearing houses for the past week 55.6 per cent. larger than last year, a really surprising gain, and only 7.1 per cent. less than in 1902, while the average for the month is 28.3 per cent. larger than last year and 7.1 per cent. less than in 1902. The return is highly encouraging, in spite of the comparative magnitude of speculative operations. It will be seen also that our own reports of the western and southwestern points are decidedly more favorable as to crop prospects and as to the present condition

of business than in the current press reports. The confidential reports of railroad managers regarding the crop outlook are also generally favorable, and with these hopeful indications justified by results within the next few weeks there is strong reason for hope that the business of the coming year will be eminently satisfactory in volume and owing to recent advances in prices and wages, more satisfactory to producers than could have been anticipated a few months ago.

THE SPECIAL SESSION

Of the Illinois Legislature Adjourns Until July 5.

SPRINGFIELD, Ill., June 29.—The announcement that the Ohio supreme court has declared the inheritance tax law of that state unconstitutional, has created a feeling of uneasiness among the republican leaders here. Thursday the republicans issued a declaration to the effect that there was no occasion for an increase in the tax levy, and censuring the governor for calling the assembly in special session. They gave estimates to show the revenue would be sufficient, and among other things figured that the new inheritance tax would bring \$1,000,000.

The Illinois law is similar to that of Ohio, and as the constitutions of the two states are the same on the question of taxation, it is believed that the Illinois law will share the fate of the Ohio statute.

If this is the case, Altgeld's prediction of a deficiency is clearly justified and his position in calling the special session cannot be very successfully assailed.

There was nothing done yesterday in the legislature, and an adjournment was taken until Tuesday, July 5.

FURTHER POSTPONEMENT

Of the Cases Against Killoran, Allen and Russell.

NEW YORK, June 29.—Killoran, Allen and Russell, who are charged with having robbed the Springfield post office on April 3, had a further examination yesterday before Commissioner Shields.

Ira W. Brown, a farmer of Raymond, Ill., identified the three men as having come to his farm in a surrey on April 3, the day of the robbery, at 6:30 in the evening. He saw two telescope bags and a valise in the wagon. He said Killoran offered him five dollars to drive them to Litchfield, and they finally agreed to give six dollars. He drove them there.

Mr. Ball then offered a copy of the new indictment found by the grand jury of the southern district of Illinois, and the government rested.

Mr. Rose then announced that he had a complete and undeniable alibi in the case of Russell, but wanted time to get the witnesses. The case then went over until July 10.

Killed with a Baseball Bat.

WASHINGTON, June 29.—In an altercation about a woman, at Carlin Springs, Va., a few miles from this place Thursday, Lewis Berry struck another man over the head with a baseball bat with fatal results. The body of the murdered man has been fully identified as that of James A. Newsom, of Memphis, Tenn., where his mother now lives, and who had been employed as a doorman at the house of representatives here for about twelve years. Newsom was discharged a few days ago and was on a drunken spree at the time of his death.

Up Goes the Price of Bar Iron.

PITTSBURGH, Pa., June 29.—A special to the Times from Youngstown, O., says:

"An important meeting of the Bar Iron Manufacturers' association was held here yesterday afternoon, and before adjournment it was unanimously decided to advance the price of bar iron two dollars per ton. The advance goes into effect at once, and is the second of the same amount in a short time. Another advance in a few days is probable, as all reports indicate an active demand."

Created a Sensation.

LONDON, June 29.—A sensation has been created by the issuance of an order from the office of the home secretary for the examination of the body of Mrs. Scott Campbell, widow of an army captain of that name, who died suddenly on June 18, at her home in a fashionable quarter of the city near Grosvenor square. The lady was out riding on a bicycle on June 18 and appeared to be in the best of health. The utmost secrecy is being observed in regard to the disinterment of the body.

Husband and Wife Killed by Lightning.

LOWELL, Mass., June 29.—Yesterday morning lightning struck the house of Thomas Pervier, at Riverside park, killing both Pervier and his wife. When the lightning struck Mr. Pervier was in bed. The bolt killed him, then, passing along the stove to where his wife was preparing breakfast, killed her.

Rosebery Gets a Thistle.

LONDON, June 29.—The queen at the farewell audience she gave Lord Rosebery, invested him with the order of the Thistle. It is stated that the cabinet is complete and that the secretary of Ireland, the president of the board of agriculture and the postmaster general will be included in the ministry.

Appointed Receiver.

DENVER, Col., June 29.—George W. Ballentine was appointed receiver of the Burlington & Missouri Packing Co. late yesterday afternoon by Judge Butler in the district court. His bond was fixed at \$25,000. The assets are stated to be \$95,000, and the liabilities \$66,000.

Death of an Eminent Pathologist.

CAMDEN, Mass., June 29.—Dr. Robinson, pathologist of Cooper hospital here, died at his home in this city yesterday morning, aged 64. He was the first to discover the use of the spectroscopic in medicine.

CRUISER OLYMPIA

To be Finally Tested in a Cruise at Sea.

AND, HER FITNESS DEMONSTRATED.

Sent to China to Relieve the Flagship Baltimore—She is Declared to be a Very Fast Vessel Under Economical Conditions.

WASHINGTON, June 29.—The new cruiser Olympia went to San Francisco from the Mare Island navy yard Thursday, preparatory to a cruise at sea for the final inspection, when she will be driven at various speeds and turned to determine her technical character as well as have her armaments thoroughly tested. Her stability will also be carefully noted under varying conditions, recent official reports having indicated that she is rather cranky in heavy seas, rolling badly and recovering her equilibrium slowly. In this respect she is similar to the flagship Philadelphia, and it is not thought that her propensity to roll will necessitate any change in her weights, as it is not desirable to have a war ship too stiff at sea, stiff vessels having a tendency to jerk themselves to pieces.

From an official report received yesterday it is demonstrated that the Olympia is a very fast vessel under most economical conditions. She recently ran from San Francisco to Santa Cruz, a distance of sixty-eight miles, in four and a half hours, using but two of her six boilers with five-eighths of an inch air pressure; and returned the same distance on two boilers with natural draft at a twelve-knots gait. Forced draft is 2½ inches air pressure, and it is believed that with this pressure and all her boilers the Olympia will make over twenty-two knots, as it was, on two-thirds boiler power and very slight pressure, she maintained over fifteen knots.

The Olympia leaves for China to replace the flagship Baltimore about the middle of July.

AN UNSATISFACTORY ANSWER

By Turkish Pasha Will Lead to a Peremptory Demand on the Porte.

CONSTANTINOPLE, June 29.—The first dragomans of the British, French and Russian embassies had a long conference on June 28 with Turkish Pasha, minister of foreign affairs. The foreign representatives insisted that the porte should indicate what particular points in the proposals in regard to the administration of affairs in Armenia the Turkish government desired to have discussed. Turkish Pasha was very dilatory in replying, and the answer he finally made was equivocal and rather unsatisfactory. It is now expected that the powers will present a note to the porte asking for a specific reply within a fixed period.

Another Stage Robbery.

The Klamath Falls & Aeger Stage Held Up by a Lone Road Agent.

KIAMATH FALLS, Ore., June 29.—Another hold-up of the Klamath Falls & Aeger stage occurred Thursday night, making the fifth within three months. The robbery was committed by a lone highwayman near the Toppy grade, where the other robberies were executed. The north and south-bound stages pass each other there, and the highwayman held one stage two hours pending the arrival of the other. He rifled the mail pouches of the registered matter, and relieved the only passenger, H. V. Gates, of two dollars.

Not Accepted by China—Russia's Protest.

COLOGNE, June 29.—The Gazette's correspondent at St. Petersburg says if the Chinese loan raised in Paris and guaranteed by Russia is not accepted, in the entirety of its terms, by China, Russia will send a note to Peking protesting against the intrigues of Germany and England against Russian interests in China.

Removed Murder of the Duke d'Aumale.

PARIS, June 29.—An unconfirmed rumor was in circulation here this evening that the Duke d'Aumale, Prince Henry of Orleans, had been murdered. He returned to Chantilly to-day from London, whither he went to attend the marriage of Princess Helena of Orleans to the Duke of Aosta.

Extradition Papers Granted.

BOSTON, June 29.—Chief Inspector Watts has received a telegram from Inspector Houghton, at Saltillo, Mexico, stating that extradition papers had been granted in the case of A. J. Hoeler, the colored young man, who is wanted in this city for embezzling \$8,000 or \$10,000 from his former employer, Counselor Henry D. Hyde.

O'Brien Succeeds O'Brien.

CORK, June 29.—The parliamentary election to fill the seat for Cork city, made vacant by the retirement of Mr. Wm. O'Brien, was held Thursday, and resulted in the return of Mr. James E. O'Brien by a vote of 4,300, to 4,129 for Mr. V. Roche, the Paraville candidate. The McCarthyites thus save the seat.

The Queen Approved the List.

LONDON, June 29.—Lord Rosebery went to Windsor yesterday afternoon. He was granted audience by the queen and later took luncheon at the castle. Her majesty approved the outgoing ministry's list of royal honors submitted by the retiring premier.

An Ex-Assistant Postmaster Sentenced for Embezzlement.

MOBILE, Ala., June 29.—George S. Moore, assistant postmaster here under P. D. Barker, has been sentenced to two and a half years' imprisonment at hard labor for embezzlement of public funds while assistant postmaster.

A Physician's Story.

"PHYSICIAN, HEAL THYSELF." THE ADAGE APPLIED.

Dr. Porter of Kentucky Tells How it was Done.

(From the Mt. Sterling, Ky., Gazette.)

In the mountains of Eastern Kentucky lives Dr. C. H. Porter, who for 47 years has ministered to the sick in the counties of Rowan and Morgan, and has during that time suffered more than many of the patients on whom he called. He was at last cured, and his cure was so startling and miraculous that it was soon the talk of the mountains, and finally reached the Biograph. A reporter of the Gazette concluded to investigate in the interest of suffering humanity, and to his question the doctor replied:

"Twenty years ago, while living in Morgan county and practicing my profession, I had a terrible nervous shock that completely prostrated me, and from that time until a few months ago I suffered untold agony, and in fact never knew a well day. I tried everything in the way of medicine which I could get, but found no relief, and I resigned myself to the inevitable and awaited the end. A few months ago my son saw an account in your paper of a new medicine called Dr. Williams' Pink Pills and wanted me to try it. I told him they would do me no good, but after taking a few doses I felt better, and again hope revived in my breast. I continued taking the pills, and continued to improve, and now I believe I have finally recovered. That is about all of the story. I believe Pink Pills saved my life, and I never fail to recommend them in my practice. In fact, I can tell you of a man that you will pass on your road in good weather, and then was not able to do any work. I was urged by Dr. Porter to try Pink Pills, for several weeks I positively refused. He finally overcame my prejudices, however, and I am glad of it, for you can see your self what Pink Pills have done for me. Come to the house, and I will show you my crutch and cane which Pink Pills have enabled me to lay aside. I have also been giving these pills to a neighbor's child, which has benefited it in improving right along." The address of all the gentlemen referred to is, Elliottville, Rowan County, Kentucky, and anyone can have these statements verified by writing to them. Dr. Williams' Pink Pills give new life and richness to the blood and restore shattered nerves. They are for sale by all druggists, or may be had by mail from Dr. Williams' Medicine Company, Schenectady, N. Y., for 50 cents per box, or six boxes for \$2.50.

After Thanking Dr. Porter the Gazette Man

started for Mr. Bailey's residence. He was found on his farm cutting some trees down. In reply to our inquiry, Mr. Bailey said: "Yes, Dr. Porter told you the truth. I suffered for years with rheumatism, and was only able to leave my room in good weather, and then was not able to do any work. I was urged by Dr. Porter to try Pink Pills, for several weeks I positively refused. He finally overcame my prejudices, however, and I am glad of it, for you can see your self what Pink Pills have done for me. Come to the house, and I will show you my crutch and cane which Pink Pills have enabled me to lay aside. I have also been giving these pills to a neighbor's child, which has benefited it in improving right along." The address of all the gentlemen referred to is, Elliottville, Rowan County, Kentucky, and anyone can have these statements verified by writing to them. JULY 4th at Riverside Park Prof. McGie, manager of the Nat. will make a high dive into the reservoir from a scaffold. It will be a plunge from an altitude of 80 feet and will no doubt be witnessed by thousands of people. The leap at the Barnum show was only 56 feet.

Tax and annual meeting of the Ladies Aid Society of the First Congregational church was held yesterday at the residence of Rev. and Mrs. W. C. Miller. About all the ladies in the church were present. The missionary mite box of the society was opened and a good sum for missions was found within. The meeting was in charge of Miss Abbie Pratt, assisted by Miss Florence Lyon, Miss Virginia Odor and others. Music was furnished by Miss Alice Handley, Miss Aldyth Irwin and Miss Nellie Pratt. After the program refreshments were served and a social time followed.

The diphtheria in the family of Constable Connard has been of a malignant character. Three of the children had it, and one daughter, aged 9 years, died within 24 hours. Mr. Connard believes the other children would have died had they not been treated promptly by Mrs. Lyons, of 1305 North Jasper street, who was brought to the house in a big hurry. Her method of treatment gave the children relief in a short time, and now both are believed to be out of danger.

The Dunkard conference which recently closed its session here, among other things had under consideration the founding of a church in Decatur. The initial meeting will be held to-morrow at 11 o'clock in the old Christian church. Elder L. R. Rosenberger, of Covington, Ky., will have charge of the services, which will be continued for an indefinite period.

Last Monday the work of tearing down the electric light tower on Lincoln Square was commenced. A considerable portion of the dangerous task has been accomplished by Leon Sullivan and his assistants. There is still a good portion of the tower yet standing. No decision yet as to where the tower will go.

THE VALKYRE VICTORY.

[Special to the REPUBLICAN.]

CHICAGO, June 23.—Lord Dunsraven's new yacht Valkyre, the Prince of Wales, the cutter Britannica and Mr. Walker's Ailes, raced over the royal northern yacht club course to-day. The Valkyre finished first round at 3:20. Thirty-five other yachts were a long distance astern.

Death of Mrs. Lucinda W. Brush.

The death of Mrs. Lucinda W. Brush, wife of I. P. Brush, occurred at 9:30 a. m. to-day at the family home, No. 820 East Lealand avenue. The deceased had been ill since last March, and death was due to cancer of the liver. Her age was 65 years, and had she lived until to-morrow her married life would have been full 49 years. She was a native of Pennsylvania, and early in life united with the Baptist church. Mrs. Brush is survived by her husband, and these children: A. G. Brush, of Little Rock, Ark., C. E. Brush, J. B. Brush, W. O. Brush and Miss Laura Brush, of Decatur.

The funeral will take place from the residence on Sunday afternoon at 2:00 o'clock, Rev. J. D. Jordan officiating. The burial will be at the Spangler cemetery east of Decatur.

Arrested.

Officer Imboden last night arrested O. E. Goodrich for embezzlement and turned him over to an officer from Missouri who had a requisition for him. Goodrich is charged with having appropriated \$100 at Ironton, Missouri, belonging to the Southern Savings and Loan Association of St. Louis. Goodrich is 30 years of age and has a wife at Hutchinson, Kansas. Letters mailed to her from Decatur located Goodrich at this point, and the officers nabbed him.

Fish Plenty.

Hon. George Langford, secretary of the state fish commission, says that fish are very plentiful now at Spring lake. The commission has just secured 20,000 fine small black bass from near Spring lake which they will distribute in other lakes and streams in the state. Carp he says are growing very fine and large and that 200,000 pounds taken from the Illinois river have recently been shipped to New York for the table.

A New Social Club.

A new social club has been formed of late and the first meeting was held with Mrs. Frank Curtis. The club consists of Mrs. Frank Curtis, Mrs. G. D. Thomas, Miss Mary Voorhies, Mrs. Lou Rice, Misses Sarah and Louie Boyd, Mrs. J. J. Brown, Mrs. L. E. Eymann and Mrs. Frank Roach. The meetings are held in the afternoon and the next will be held with Mrs. Lou Rice.

Camp Meeting.

The closing services of the colored camp meeting at Oakland Park on Sunday, June 30. Preaching at 11 a. m. by Rev. N. A. Seymour of Indianapolis, Ind.; at 3 p. m. by Rev. M. C. Ely, of Indianapolis, Ind. Closing services will begin at 7:30 p. m. with jubilee singing. Subjects, at 11 a. m., "Time is Short," at 3 a. m., "Damn Hot Day."

THE BIG CAMP-MEETING

At Oakland Park Begins Sunday Evening, July 7.—Will Run Two Solid Weeks—Free Admission—Fine Music—eloquent Sermons.

Everybody in Macon county should remember the big camp-meeting which begins Sunday evening, July 7. It will be under the management of the Christian church people and their pastor, Rev. Geo. F. Hall. As the church numbers over 1,000 members, and is noted for its ability and zeal in all good works, it is safe to predict a great success of this undertaking. Rev. D. R. Lucas, the great war chaplain, of Indianapolis, has been secured as chief speaker. He will preach every night for fourteen nights, except two, when he will deliver popular lectures. These lectures will be on Thursday evening, and an admission fee of 10 cents will be charged at the gate. The Modern Woodmen Band will play at both lectures. All other services will be absolutely free. There will be services for Sunday school workers and children at 10 o'clock each morning. Preaching at 3, and 8 each afternoon. Prof. J. E. M. Hutto, the well-known singing evangelist, of Kansas, has been engaged as conductor of the music, and of the children's meetings. A grand chorus of 100 voices will be on the platform each evening, assisted by an orchestra, and by Prof. W. E. M. Hackleman of Indiana, as soloist and concertist. Chaplain Lucas is a great orator, and will make himself heard easily by the thousands expected at every service. There will be lunch stands on the grounds, and tents for those who wish to make arrangements to camp. The meetings will be held in the big Dunkard Tabernacle, which has been left standing on purpose. The opening service will be held Sunday evening, July 7, at which Rev. Hall will preach. Dr. Lucas will arrive Monday the 8th. Hundreds of visitors are expected from all over Central Illinois. It is the object of the church simply to attract thousands to the cool shades of the park, and preach the gospel to them without charge. The management aims to furnish the finest music ever heard at this noted resort. There will be a small army of ushers to seat the crowds. No smoking will be allowed on the grounds, nor boisterous conversation. Everything will be well managed, and it is hoped that great good will be accomplished. Remember the dates, July 7th to 21st, every night, and three times Sunday.

The Strength of Habit.

The following story is told by the friends of a prominent citizen of the west side, and the friends claim to have witnesses to back up the statement. The gentleman in question drives a great deal and it has been his labor for years to give his horse water at the city trough, corner of Water and Main streets, going a block out of his way for that purpose. Now he has lately taken to riding a bicycle and a few days ago, while on his wheel, apparently engrossed in deep thought. He was seen to turn out of his way and ride straight for the trough. He pushed his wheel close up to it, dismounted and was reaching for the bucket to let its head down when the red situation dawned upon him, and an eye witness says the time he made getting away from there, standing start, would give Rogers and Paries various veins.

Building Notes.

George Dilatush is preparing to build a fine residence on North Broadway which will cost \$2500. The contract has been secured by Mr. Canfield.

Mrs. Mary Barbey has completed a nice cottage on Whitelock avenue in the north part of the city.

Samuel O. Stewart, of the Wabash, has completed a neat cottage residence on North Morgan street, near the pad factory.

THERE'S only one baking powder to ask for when you want the best. Dr. Price's.
